W. 4th St & Leonard
Bike route sign obstructed
view of school crossing sign so
pole was removed and sign
was added below crossing sign

W. 4th St & Leonard NW Corner
Removed one corner ramp and
added two ramps to students can
cross intersection safely

W. 4th St & Leonard
Sioux City Engineer & Inspector,
contractor, SDHD, and SIMPCO staff
completed a walk through of all
improvements, created a punch list
with additional improvements for
the contractor before final project
approval.
